TO WHOM IT MAY CONCERN,

RE: RECOMMENDATION FOR PATIENCE WAMBUI MWANGI

I am pleased to recommend Patience Mwangi for opportunities in your institution. I have worked with Patience for the past nine months in the We Lead Programme at Hivos where she supported our Monitoring and Evaluation team. She played a key role in data management, data analysis, data consolidation, and data entry into our programme management systems. She was also entrusted with consolidating data for reports to our funders displaying exceptional attention to detail and accuracy.

Patience is passionate about data and is keen to ensure that it is utilized to improve performance. Throughout her internship period and a subsequent short-term assignment focused on data cleaning in preparation for analysis, she has demonstrated a strong command of data tools.

Patience is highly reliable, organized, and detail-oriented, consistently producing accurate and well-structured results. Her ability to manage complex datasets efficiently, coupled with a strong analytical mindset, makes her a valuable asset. She approaches tasks with dedication and professionalism, adapting quickly to new challenges and responsibilities.

I highly recommend Patience with no doubt that she will be a great addition to any team.
